Education

Jawaharlal Nehru Technological University, Gurajada Vizianagaram	Dec. 2021 – April 2025
Bachelor of Technology in Computer Science	CGPA - 7.35 / 10.0
Tirumala Junior College, R. Tallavalasa	2019 - 2021
INTERMEDIATE (XII)	Percentage - 96.6
ARDAR E. M. School, Konada Jn.	2019
SSC (X)	GPA - 9.8 / 10.0

Experience

Deep Learning Titans	Nov 2025 – Dec 2025
AI Engineer Intern	Remote
• Extracted profiles from external websites using Apify for automated data collection • Used DeepSeek API to analyze data and score leads based on quality • Created personalized outreach messages using lead scores using DeepSeek API	
GA DIGITAL SOLUTIONS	May 2024 – July 2024
Full Stack Developer Intern	Hyderabad, IN
• Assisted in developing a recruitment tracking app to streamline the candidate hiring process • Implemented responsive user interfaces with Ant Design to improve usability across devices • Integrated role-based access control (RBAC) and third-party APIs to enhance app security and features	

Projects

Edit-Sync Reactjs, Nodejs, MongoDB, shadcn/ui, Supabase	Github
• Developed a real-time collaborative text and markdown editor with live preview • Enabled low-latency editing across devices and theme toggling between dark and light modes	
Messaging App Node.js, WebSocket, Supabase, React, Vite, Tailwind CSS, PostgreSQL	Github
• Created a real-time chat app using Node.js, WebSockets, and Supabase • Designed a clean and interactive UI with React, Tailwind CSS, and Vite to support user login, group chats, and live messaging	
Visitor Management System React, Vite, Node.js, Supabase, Vercel	Github
• Built a full-stack visitor management platform with secure authentication, role-based access, and real-time visitor tracking using Supabase • Developed a chat-based AI assistant powered by Gemini API to assist guards and residents in real time, broadcast notifications, and deployed a scalable Vercel-hosted SPA frontend.	

Technical Skills

Languages: Python, Java, C/C++, JavaScript, SQL, HTML/CSS

Technologies / Frameworks: Django, Tailwind CSS, React, MERN (MongoDB, Express.js, React, Node.js), Supabase

DevOps & Tools: Linux, GitHub, Docker, Shell Scripting, Vercel, Render

Extracurricular and Achievements

Solved over 500 problems on various platforms like LeetCode(Max. 1820), CodeForces(Max. 1172)

Event Organizer – CRESENCE 2k24: Conducted an event during a 2-day national-level technical symposium, managing around 80 participants.

Project Expo – Second Prize Winner: Secured second place in a Project Expo conducted at our college.
